## TAKE YOUR NURSING CAREER in a new direction

*The Workplace Safety and Insurance Board (WSIB) is committed to the safety and well-being of Ontarians.*

### Director, Professional Practice and Chief Nursing Officer

In this senior management role, located in Toronto, you will be responsible for planning, developing, directing and implementing professional practice programs. You will create research strategies that will ensure the achievement of health-care and return to work outcomes, and improve the quality of life for injured and ill workers and their families. Your exceptional communication skills will also enable you to provide consulting, technical expertise and leadership to senior management and the Board of Directors.

Your credentials include a BScN, a master's degree in a health-related discipline, RNAO membership, and a clinical background or practice in the community. Membership on external academic committees and boards, academic cross-appointment, and extensive experience in teaching and research are essential. Your business acumen is accompanied by knowledge of professional associations, applicable legislation and standards, nursing theories, and case management. A strategic thinker, you are able to align opportunities, and prepare proposals, position papers and business cases.

We offer a competitive salary and an excellent benefits package.

Please submit your resume to: **Wendy Babcock, Associate Human Resources Business Partner, Workplace Safety and Insurance Board, 200 Front Street West, Toronto, Ontario, M5V 3J1, E-mail preferred: [wendy\\_babcock@wsib.on.ca](mailto:wendy_babcock@wsib.on.ca)**

*Only candidates selected for an interview will be contacted.*

Visit our website: [www.wsib.on.ca](http://www.wsib.on.ca)

## MOUNT SINAI HOSPITAL

CAREER IN HEALTH CARE

**Mount Sinai Hospital (MSH)**, a fully accredited health care and teaching facility affiliated with the University of Toronto, is dedicated to discovering and delivering the best in patient care, teaching and research with the heart and values true to our heritage. Mount Sinai has a rich history committed to innovation. We are looking for skilled, talented and innovative individuals to join our world-class hospital. Come be a part of our team as a:

### Nursing Unit Administrator

As a vital member of the nursing leadership team, and leading the delivery of high quality nursing care, you will provide overall fiscal and human resource management, and ensure that the patient care unit is a safe, patient and family-centred environment. As the nurse manager for the IBD (Internal Bowel Disease) and the 30-bed in-patient General Surgery unit, you will also maintain excellence in evidence-based nursing professional practice that allows for the growth and development of all unit staff. The ability to establish productive partnerships with patients, families and the health care team rounds out your responsibilities in this clinical unit of excellence.

A current CNO certificate of registration complements your Master's degree in Nursing and nursing management experience. Membership in professional nursing and other related organizations, demonstrated leadership qualities, superior interpersonal skills and the ability to establish effective working relationships will ensure your success. Additional leadership certificates and/or clinical specialty certification is also required. Relevant clinical experience with Surgery and/or IBD patient service programming and surgical nursing experience would be assets.

Interested candidates may forward their cover letters and résumés to: **Human Resources.**

**Fax: (416) 586-5045. E-mail: [humanresources@mtsinaion.ca](mailto:humanresources@mtsinaion.ca)**

*We're looking forward to meeting you.*

# Hamilton Health Sciences

The City of Hamilton's 500,000 residents can take pride and comfort in having one of Canada's leading centres for patient care, community service, teaching and research in their own backyard.

caring for more than two million people

Hamilton Health Sciences is an academic health sciences centre, partnering with McMaster University's Faculty of Health Sciences to provide care to more than two million people in Hamilton and Central West Ontario. We are also home to the Juravinski Cancer Centre (formerly the Hamilton Regional Cancer Centre), a Cancer Care Ontario partner providing comprehensive cancer treatment, prevention, research, education and supportive care.

at the bedside and behind the scenes

Our 10,000 caregivers, staff and volunteers work diligently – at the bedside and behind the scenes – to help our patients and their families. We promote continuous learning, and are at the forefront of innovation and excellence in care, learning and research.

with a commitment to learning, research and excellence

TORONTO EAST  
GENERAL HOSPITAL

**Toronto East General Hospital (TEGH)** specializes in you! Driven by the belief that professional achievements and personal goals, while maintaining a balanced lifestyle, constitute career satisfaction, we invest in our most valued resource – you. Excellence, kindness and respect are the essence of our existence. Above all, we care. In our commitment to providing excellent health care, TEGH is looking for the following professional:

## MANAGER, CENTRAL PATIENT REGISTRATION AND SCHEDULING

Making sure that each and every patient within TEGH is admitted and scheduled efficiently, and managing staff members to guarantee 24-hour coverage by planning, organizing and directing the activities of the department, you are able to monitor workload and ensure that TEGH standards are consistently maintained. Able to take a leadership role in coordinating committee/task team initiatives, your Bachelor's degree (Master's preferred) in a related discipline and three to five years' experience in a large Admitting/Registration department has given you the vision to promote strategic objectives and effectively oversee a team of 40 FTEs. Adept in the use of Microsoft Office, you are also knowledgeable of patient registration and scheduling systems.

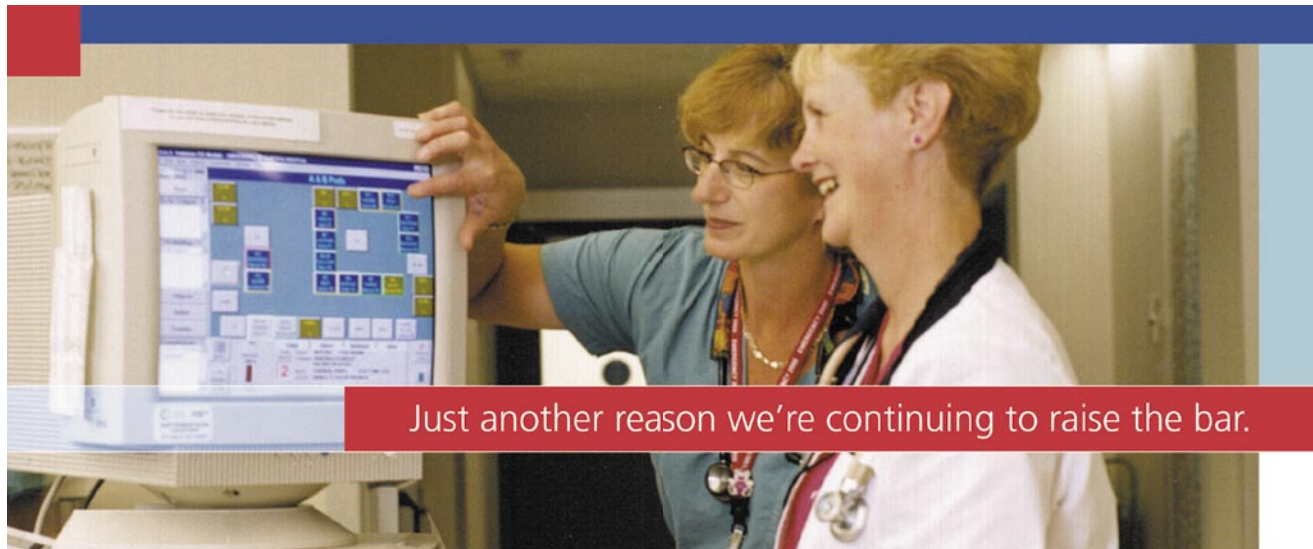

For more information on this position, please visit our Web site.

Please submit your résumé, quoting reference # HQ0603, to:  
**Human Resources, Toronto East General Hospital, 825 Coxwell Ave.,  
Toronto, ON M4C 3E7. E-mail: [hr@tegh.on.ca](mailto:hr@tegh.on.ca)**

**C**apital Health is Canada's largest academic health region, serving 1.6 million people across central and northern Alberta. With a reputation for creating a culture of innovation and excellence, Capital Health is consistently recognized as a leading health system by the Canadian Institute for Health Information. Opportunities exist in Capital Health for advanced nursing practice professionals to provide leadership, enhance patient care and support professional development in the following positions:

## ADVANCED PRACTICE NURSES

### NURSE PRACTITIONER

Collaborating with the attending physician as part of a multidisciplinary team, the Nurse Practitioner uses advanced clinical skills and practice knowledge to conduct physical examinations, assess and diagnose patients, manage acute medical problems and perform approved procedures. Qualified candidates must possess a master of nursing degree or an equivalent graduate degree with a focus on advanced clinical nursing practice. Eligibility for registration with the Alberta Association of Registered Nurses Extended Practice Roster is required, along with three years' related clinical experience. **We currently have opportunities for NPs in PAEDIATRIC ORTHOPAEDICS, WOMEN'S HEALTH/ONCOLOGY, CARDIAC SCIENCES and FAMILY MEDICINE.**

### CLINICAL NURSE SPECIALIST

As an innovator and change agent pursuing excellence in patient care, the Clinical Nurse Specialist provides leadership in clinical nursing practice and patient care. Leading a specified program to facilitate clinical program development, this position utilizes research to support/advance nursing care and evidence-based practice, educate nurses, lead policy and procedure development, and act as a staff resource. A master of nursing degree with advanced studies is required, along with eligibility for AARN registration. Current CPR and three to five years' experience in a relevant program area are also required. **We currently have opportunities available in the CRITICAL CARE and NEUROSCIENCES programs.**

Enjoy the challenges and rewards offered by a leader in health care.
