Disagree				Agree

APPENDIX 2: Pre-initiative interview questions

- What are your expectations of this initiative?
- How valuable do you feel the information collected from this project will be?
- Can you describe any previous involvement with public engagement initiatives?
- Did you receive any training in public engagement?
- How did you get involved in this process?

Post-initiative interview questions

- How successful do you think the entire engagement initiative was?
- Were your expectations of this process met?
- What were some strengths of this initiative?
- What were some limitations of this initiative?
- Which method posed more challenges? Was there a difference in cost?
- What method would you recommend to other organizers in a similar context?
- How do you think the information from this initiative is going to be used?
- How do you think we could improve the use of either method?
- How could we increase numbers? Representativeness?
